

STAY UP TO DATE AND USE THE RESOURCES AVAILABLE TO PROTECT YOURSELF FROM COVID-19 IN NORTH CAROLINA

*Información vigente al 1 de junio de 2023.

Stay informed and use available resources!

1 Stay up-to-date with your vaccines against COVID-19 and help your loved ones get vaccinated! They are available for people six months and older.

Find vaccines near you:

- Visit vaccines.gov
- North Carolina Department of Health and Human Services.

2 Take a test: Antigen and PCR tests for COVID-19 are available at no cost.

Find sites near you here:

- North Carolina Department of Health and Human Services:
- Centers for Disease Control and Prevention (CDC) testinglocator.cdc.gov

3 If you have symptoms of COVID-19, such as a cough, flu, fever, headache, or fatigue, look for a treatment option.

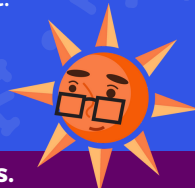

- United States Department of Health and Human Services:
- North Carolina Department of Health and Human Services:

4 Stay up-to-date with SOL:
